

## Dr. Gordon Christensen headlines MDA Annual Meeting May 3-4!

Dr. Gordon Christensen, Founder and CEO of Practical Clinical Courses, and noted continuing education speaker Dr. Paul Homoly will headline MDA's 2018 annual meeting May 3-4 in Missoula. MDA is thrilled to present two full days of speakers to expand your practice knowledge.

Dr. Christensen's fast-moving "bottom line" course always provides an inspiring and informative update on trends in dentistry and takeaways to help make your practice successful. Dr. Homoly's "Making it Easy for Patients to Say Yes" brings you strategies and a successful approach to guide patient agreement with your treatment plans.

Montana's biggest dental trade show provides an exciting marketplace of more than 50 exhibitors. You can't afford to miss this opportunity to window shop and purchase state of the art tools for practice management and care of your patients.

Additional courses will benefit dentists and all staff, including:

- Susan Wingrove, RDH, of Wingrove Dynamics, "Manage, Repair or Regenerate" and "The Implant is Restored. Now What?"

Dr. Gordon Christensen

- A DPHHS update on important changes to the Medicaid dental program.

- Radiography Review for Dental Assistants presented by Danica Luedtke and Jennifer Hoff, Salish Kootenai College dental assisting instructors.

Plan to attend the festive President's Reception, celebrating MDA President Dr. Kevin Rencher's past year and welcoming 2018-19 President Dr. Andy Althaus. Join MDA in honoring recipients of the 2018 T. T. Rider, Clinical Excellence, Outstanding Dental Hygienist and Outstanding Dental Assistant awards.

Earn 15 CE credits, save money and time on continuing education and enjoy meeting with old and new colleagues, all conveniently located in Missoula, May 3-4.

See pages 8 and 9 to review courses and events and complete your registration. The Annual Meeting brochure and registration is also available online at [www.MontanaDental.org](http://www.MontanaDental.org) and will be mailed to your office. For further information contact MDA at (800) 257-4988 or email [info@montanadental.org](mailto:info@montanadental.org).

## March 2 CE: Improve your plan to manage medical emergencies

### **"Actions and Algorithms for Medical Emergencies: How to Save a Life (Including Your Own)"**

A CRISIS SITUATION can and likely will occur at some time in your practice. Are you prepared?

Join oral maxillofacial surgeon Dr. Daniel Pompa on March 2 in Helena to improve your and your staff's ability to manage a medical emergency. Dr. Pompa's high energy, interactive course explores "Conversational History" and how it will uncover medical issues not revealed by the standard health history form.

The course covers:

- Simple, non-invasive critical tests that can reduce overall risks
- Indications for emergency drug use and proper dosages
- Assembling an ideal emergency drug kit

- Techniques for drug administration utilizing simulation models and real drugs

Register today at [MontanaDental.org](http://MontanaDental.org) or call (800) 257-4988.

## Dentistry, the best job in the world!

I love being a pediatric dentist! It is more than just fun—It is crazy fun. I love the chaos of working with children and their awesome parents. I love interacting and working alongside my talented and exceptional dental team. What a great profession! I never dreamed I would enjoy my profession as much as I do. I truly feel blessed to be a dentist.

Every year U.S. News and World Report ranks the top 100 professions in America. In both 2016 and 2017, they looked at a wide variety of factors and selected dentistry as the number one profession in America. This year, dentistry took the number two spot as the best job in America (we were beat out by software developers). Orthodontists rank #5 and Oral and Maxillofacial Surgeons came in at #8 for the best jobs in America. Dentistry is still considered, and has been for many years, the number one job in healthcare. I always enjoy showing my medical colleagues a copy of the report. It makes me smile. What a great profession we have!

I enjoy the relationship we have with our patients. As a pediatric dentist, I meet families from all over west and central Montana. I enjoy the wide variety of interactions I experience. Yesterday I treated a wonderful baby boy from Harlem, Montana, a beautiful little girl with a

huge smile from Anaconda, an inspiring special needs girl from Helena, and a recently adopted child from China. I helped several kids get out of pain, snipped the tongue on a child who was not able to speak well, and expanded a maxillary arch to help a child breath better. I had many parents thank me, and the smiles of their children expressed their happiness. These experiences enrich my day and bring joy to my life.

I enjoy associating with my dental colleagues. I am inspired to the generous acts you perform. So many of you serve on community boards, are involved in local charities, coach our children in athletic activities, give liberally of your time to religious communities, and strive to make the world a better place through your humanitarian service. My wife and I recently attended a fundraiser for a local charity. I was inspired to see how many of my dental colleagues were in attendance. They were donating their time, expertise, talents, and money to a good cause. At this event, I had a conversation with a senior member of our state government. She commented with great admiration on how involved the dentists are in our community and in our state.

## Oral health endowment grows

"The Doug and Sue Hadnot Oral Health Endowment Fund is off to a great start," according to Dr. John Smith, president of the Montana Oral Health Foundation (MOHF) Board of Directors.

"The Montana Community Foundation reports that the fund is in the top 1% of funds ever started there for initial contributions," Dr. Smith said. "We had \$35,000 in contributions to the fund by December 31, 2017. I'm hoping for 50 more dentists to contribute this year."

Did you know that if you contribute to the fund you not only receive a state and federal tax deduction, but a Montana income tax credit as well? Please take a moment this year to talk with your accountant or financial advisor and consider a gift to the Foundation. The more we receive, the stronger and healthier our foundation will become."

For more information, please see the MOHF insert in this copy of the MDA News.

## Medicaid dental service cuts will be effective March 1

DPHHS is eliminating some adult Medicaid dental services effective March 1. Dental services totaling \$8.9 million that have been cut include coverage for all dentures, crowns and bridges for adults. DPHHS has also tightened restrictions on orthodontic treatment for children covered by Medicaid. (See below for specific rules changes. Updates will be posted at MDA's website, [www.montandental.org](http://www.montandental.org))

The service cuts are a result of action by Gov. Bullock and the Legislature to resolve a projected state revenue shortfall of \$147 million. A three percent reduction in Medicaid reimbursement rates for all providers became effective on January 1.

MDA has objected to the DPHHS cuts in comments it submitted to the department, citing harm to Montana's disabled adults, the elderly and children and an increase in

future treatment costs.

MDA asked DPHHS to respond to questions about the criteria used to eliminate specific dental services, detrimental impacts on the oral and medical health of patients that were considered and other alternatives to reduce the cost of dental services that DPHHS considered.

MDA requested DPHHS to identify steps the Department will take to pay for treatment that has been initiated but will not be completed by March 1, for example lab work for dentures or other appliances that have been ordered, but not yet delivered.

Sen. Mary Caferro, D-Helena, chair of the Interim Committee on Children, Families and Human Services, has worked with MDA to fight the budget cuts and led efforts to

oppose the reduction in Medicaid provider reimbursements. Rep. Jon Knokey, R-Bozeman and Sen. Diane Sands, D-Missoula joined Sen. Caferro in voting to continue the committee's objection to that cut. Committee members voting to drop the objection were Rep. Kathy Kelker, D-Billings; Rep. Dennis Lenz, R-Billings; Sen. Eric Moore, R-Miles City; Sen. Al Olszewski, R-KalisPELL; and Rep. Gordon Pierson, D-Deer Lodge.

MDA is working with a coalition of other Medicaid provider associations that continue to contest the budget cuts. MDA is preparing its lobbying effort to request the 2019 Legislature to restore funding.

*Here is the language of DPHHS amendments to rules for covered Medicaid dental services:*

## **37.86.1006 DENTAL SERVICES, COVERED PROCEDURES (1) through (4) remain the same.**

- (5) Covered services for adults age 21 and over include:
- (a) and (b) remain the same.
  - (c) basic restorative services ~~including prefabricated crowns~~; and
  - (d) extractions; and
  - (e) ~~porcelain fused to base metal crowns with prior authorization, limited to two per person per year, total. For second molars base metal crowns only.~~

- (6) remains the same.
- (7) ~~Full maxillary and full mandibular dentures are a Medicaid covered service. Coverage is limited to one set of dentures every ten years. Only one lifetime exception to the ten-year time period is allowed per person if one of the following exceptions is authorized by the department:~~
- (a) ~~The dentures are no longer serviceable and cannot be relined or rebased.~~
  - (b) ~~The dentures are lost, stolen, or damaged beyond repair.~~
- (8) ~~Maxillary partial dentures and mandibular partial dentures are a Medicaid covered service. Coverage is limited to one set of partial dentures every five years. Only one lifetime exception to the five-year limit is allowed per person if one of the following exceptions is authorized by the department:~~
- (a) ~~The partial dentures are no longer serviceable and cannot be relined or rebased.~~
  - (b) ~~The partial dentures are lost, stolen, or damaged beyond repair.~~
- (9) ~~The limits on coverage of denture replacement may be exceeded when the department determines that~~

# Dentistry, the best job in the world!

(Continued from Page 2)

I am continually impressed at how amazing our profession is. We provide great service to our patients, serve in our communities, spend time with our families, and make the world a better place. It is important for all of us to reflect

on how blessed we are to be in such a great profession. We are able to interact with remarkable people and help change lives. These experiences thrill me. Being a dentist is truly the best job in America!
